EDUCATION	Cornell University , Ithaca, NY Incoming Ph.D. Student, Applied Mathematics University of North Carolina , Chapel Hill, NC B.S. Statistics & Analytics, Mathematics	Starting August 2026 August 2022 – May 2026
	- Undergraduate thesis (advised by Sayan Banerjee): <i>Root-Finding and Opinion Dynamics in Random Growing Networks</i>; awarded highest honors in Statistics and Analytics - Received the Statistics and Analytics Award - Graduated with highest distinction and inducted into Phi Beta Kappa	
RESEARCH EXPERIENCE	University of North Carolina , Chapel Hill, NC Root-finding algorithms and opinion dynamics on random growing networks. Undergraduate honors thesis supported by the RTG in Networks at the Department of Statistics & Operations Research . Mentored by Sayan Banerjee . North Carolina State University , Raleigh, NC Numerical linear algebra methods for optimal sensor placement in Bayesian inverse problems. Participant in the DRUMS REU at the Department of Mathematics and the Department of Statistics . Mentored by Arvind K. Saibaba and Hugo Díaz . University of North Carolina , Chapel Hill, NC Optimization methods for low-rank matrix reconstruction from Gaussian measurements. Supported by the RTG in Networks at the Department of Statistics & Operations Research . Mentored by Mike O'Neill . Montana State University , Bozeman, MT Single-source shortest paths on parametrically weighted families of graphs. Participant in the Algorithms & Optimization REU at the Gianforte School of Computing . Mentored by Brittany Terese Fasy and Binhai Zhu .	August 2025 – Present May 2025 – Present August 2024 – May 2025 May 2024 – August 2024
OTHER EXPERIENCE	Chessvia , Carrboro, NC Software engineering intern. Worked on development and feature enhancement of Chessvia website. Developed and refined AI model that analyzes users' online chess accounts to create training plans and opening repertoires and match students with suitable coaches.	April 2023 – August 2023

Summer Research Symposium, Montana State University, August 1, 2024, Bozeman, MT.
TEACHING	University of North Carolina, Chapel Hill, NC Undergraduate Teaching Assistant • MATH 130 (Precalculus Mathematics) (Spring 2026) • MATH 521 (Advanced Calculus I) (Fall 2024)
GRANTS	(i) American Mathematical Society undergraduate travel grant for research presentation at the Joint Mathematics Meetings 2026 (funded by NSF-DMS-2015553). Total award amount: \$1,000. <i>Awarded</i>.
TECHNOLOGY	Proficient: Python, Julia, $\text{\LaTeX}$ Familiar: R, MATLAB, Java
